

ELECTRONIC PRESS KIT - Drum & Bass / Neurofunk / Cinematic Fusion - Cluj-Napoca, Romania

ABOUT

FR3KVENT is a four-piece electronic music project from Cluj-Napoca, Romania, blending Drum & Bass, Neurofunk and Cinematic Fusion into a dark, high-energy sound built for the stage - beyond its Neurofunk influences, the project also fuses multiple styles within the DnB spectrum itself. The project is led by vocalist,

producer and creative director Phillip Danari, alongside producer, DJ and visual & audio creative director Luchian Cris, producer and DJ Vlad Pop, and DJ / MC Pete Maier, fusing live vocal performance with cinematic production and positioning FR3KVENT as one of the most distinctive acts in the D&B / Neurofunk space, both on the Romanian scene and internationally. In 2026, FR3KVENT set a national first: the first Human vs. A.I. musical duet performed in Romania, with the track “We Come Alive” - a milestone that earned the project national visibility and media attention.

HIGHLIGHTS

- National record (2026): first Human vs. A.I. musical duet in Romania - “We Come Alive”, validated by Asociația Cartea Recordurilor
